

# LDlink

- For the Practical, you will use the LDlink tool
- LDlink: NCBI-hosted webtools for linkage disequilibrium (LD)-related work
- In order to use LDlink, you will need to:
  - Register for a free account @ <https://ldlink.nih.gov/?tab=apiaccess>
    - Provide your first + last name, email, & institution
    - Once you register, an API access token will automatically be generated and sent to your email
  - Obtain an API token from your email
    - Update the Practical code with this token
